# ECHO MOLST + eMOLST:

## Honoring Patient Preferences and End-of-Life Wishes During a Global Pandemic \*

**Who should attend?** Physicians, Nurse Practitioners, Physician Assistants, Nurses, Social Workers & All others who participate in the MOLST process - clinics are open to all!

Upon completion the 9-week ECHO MOLST + eMOLST clinic series, attendees will:

- Use MOLST for appropriate patient populations
- Recognize the professional accountability for medical orders on the MOLST & ensure other members of their team work within scope of practice
- Describe difference between standard medical care, advance directives & MOLST
- Utilize a standardized 8-Step MOLST protocol to ensure accurate completion
- Describe benefits of eMOLST vs. paper MOLST regarding quality & patient safety
- Improve their comfort level with end-of-life conversations - and much more!

\*Clinic didactic sessions have been modified to include education on the COVID-19 global pandemic
